1976 EDITORIAL SUBJECT INDEX

Control Engineering Volume 23...January - December 1976

(N) News **(ED) Editorial**

ACTUATORS

Comparing Electromagnetic Servovalve Actuators for Hydraulic Power Control. Holzbock, Werner G. ..... May 41
Diagnostics Featured in GEs New DC Motor Drivers. (N) ..... April 12
Digital Techniques Provide Tight Control Over AC Motors. Klein, A. ..... Dec 61
Friction-Based Approach Eases Servoactuator Stability Analysis. Cyrot, Luc ..... April 46
Hall-Effect Devices Control Permanent Magnet Brushless DC Motors. Jordan, Florin G. ..... Aug 25
Increase Stepping Motor Resolution with Ministepping. Pritchard, Eric K. ..... Nov 45
Incremental Motion. Analog Path to Digital Control. Bailey, S. J. . Nov 35
New Technologies Advance DC Motor Designs. Andreiev, Nikita . Jan 43
Sliding Seal, Fewer Linkages Yield More Accurate Valve Actuator Feb 33

AEROSPACE CONTROLS

First Prototype Shuttle Engine Controller Delivered. (N) ..... Feb 9

AMPLIFIERS, see Power controllers

ANALOG-DIGITAL CONVERTERS

Analog-to-Digital Converters: There's More to Look for than Resolution and Speed. Klein, A. ..... Dec 30
Microprocessor - Based Controller Handles Analog and Digital I/O. Kompass, E. J. ..... July 22
Multiplexer: Distributed Control Design Component. Bailey, S. J. Apr 32

ANALYSIS INSTRUMENTS

Chromatograph Control Slated for Dow Plant. (N) ..... May 14
On-Line Analyzers for Product and For Waste. Bailey, S. J. .... June 22

BATTERIES

The Small UPS—The Output Side. Teets, Rex M. ..... Mar 39

COMPUTERS

A Microcomputer Tailored for Multiprocessor Control Applications. Adams, G. T., T. Morgan, and J. Zarrella ..... Sept 58
Computer/Electrical Meter Interfacing Eased by New Circuits. Ristad, C. H. ..... Oct 81
Digital Computer for Standard CPU. (N) ..... Feb. 10
German Process Computer Market. (N) ..... Mar 17
Hardware and Software Team Up to Control Steam Turbine Speed. Uram, R. ..... Feb 50
Honeywell Adds Threes New Minis to Its Mini-Family. (N) ..... Mar 15
Honeywell to Offer New NC Software. (N) ..... June 13
Gas Distribution System Will Be Mini-Based. (N) ..... July 11
Minicomputers Flourish in Control Hierarchies. Bailey, S. J. ... May 34
Mod Comp Unveils "Memory+". (N) ..... May 13
New CMOS Microprocessor and SOS RAMS from RCA. (N) .... Mar 15
New N-MOS RAM Results in Computer Price Reduction. (N) .. Feb 13
Paper Mill Batch Digester Automated. (N) ..... July 11
Purdue Workshop Adds "Real-Time" Committee. (N) ..... Jan 8
Redundant Computers in Energy Control Center. (N) ..... Feb 10
Results of "Do you interface fluid power systems with computers?" ..... Jan 20
Some Perspectives on Microprocessors and Microcomputers. Kompass, E. J. ..... Sept 57
126 Technical Sessions Scheduled for '76 NCC. (N) ..... May 13
"The Control Computer Confusion". (ED) ..... July 21
The CONTROL Language Challenges High-Level Compilers and Programmable Controllers. Ruhl, R. C. ..... Nov 30
U.S. Micro-Mini Exhibition Slated for Frankfurt. (N) ..... June 14

COMPUTING CONTROL

A Microprocessor in Every Control Loop. Kompass, E. J. .....Sept 123
A Microcomputer Tailored for Multiprocessor Control Application. Adams, G. T., T. Morgan, and J. Zarrella ..... Sept 58
Carbon-Equivalent Computer Measures Cast Iron Cooling. Warsinki, R. G. ..... Sept 123
Color CRTs Enhance Computerized Train Control. Means, Joseph B. ..... Jan 63
Computers Control Traffic, Air Flow in German Tunnel. (N) .... July 11
Computer/Electric Meter Interfacing Eased by New Circuit. Ristad, C. H. ..... Oct 81
CRT Touch Panels Provide Maximum Flexibility in Computer Interaction. Crook, Ken ..... July 33
Justifying the Cost of Computer Control. Bullock, J. E. and R. Giles ..... May 49
Meeting on Language Standard. (N) ..... Mar 15
Minicomputers Flourish in Control Hierarchies. Bailey, S. J. ... May 34
Multiplexer: Distributed Control Design Component. Bailey, S. J. Apr 32
Purdue Workshop Adds "Real-Time" Committee. (N) ..... Jan 8
Symbolic Function-Oriented Programming for Process Control Has Simple Rules. Bell, Tom and Larry Harris ..... Feb 91
"The Control Computer Confusion". (ED) ..... July 21
1977: Control Development Needs Coming Clear. (ED) ..... Dec 23

COMPUTER SOFTWARE

Honeywell to Offer New NC Software. (N) ..... June 13
Industrial Software Packages. (N) ..... Feb 13
Meeting on Language Standard. (N) ..... Mar 15
Purdue Workshop Adds "Real-Time" Committee. (N) ..... Jan 8
Symbolic Function-Oriented Programming Process Control Has Simple Rules. Bell, Tom and Larry Harris ..... Feb 91
The CONTROL Language Challenges High-Level Compilers and Programmable Controllers. Ruhl, R. C. ..... Nov 30
1977: Control Development Needs Coming Clear. (ED) ..... Dec 23

CONTROL ENGINEERS, PROFESSIONAL IMPROVEMENT

Advanced Control Conference Slated for Chicago '77. (N) ..... Sept 28
Energy Conservation: It's Time to Put Industrial Controls to Work. Kompass, E. J. ..... Oct 32
ISA Forms Glass and Ceramics Group. (N) ..... July 11
ISA '76 Meets in Houston. (N) . Sept 19
ISA '76 Podium Postulates Productivity. Bailey, S. J. ..... Sept 50
"Packaging New Technology for the User". (ED) ..... Nov 29
Purdue Workshop Adds "Real-Time" Committee (N) ..... Jan 8
Results of "Where Do You Stand Among Control Engineers?" . Apr 22

"Sharpening Management's View of the Control Engineering Function". (ED) ..... Oct 29
"You Can't Keep Up; So Catch Up". (ED) ..... Apr 31
Short Courses in Control. Klein, A. ..... Apr 39
126 Technical Sessions Scheduled for '76 NCC. (N) ..... May 13

CONTROL SHOW-IN PRINT
Control Show in Print. ..... June 29

CONTROL SOFTWARE, see Computer Software

CONTROL SIGNAL TRANSMISSION
Consider the Alternatives for Switching Low-Level Signals. Laduzinsky. Alan ..... Nov 41
Data System Growth to Lead Subsystems. (N) ..... July 11
DEC Introduces Micro-Based Timesharing (N) ..... Jan 5
Results of "What is Your Control Signal Transmission Scheme?" ..... May 26
Signal Transmission: Plenty of Electronic and Optical Options. Bailey, S. J. ..... Mar 32
What is Your Control Signal Transmission Scheme? ..... Feb 24

CONTROLLERS, see Process controllers, also Power controllers, also Programmable controllers

COST JUSTIFICATION
A Control Engineering survey: Convince Management That Control Can Save Energy—Talk Money. Klein, A. ..... Oct 43
Boiler Controls Keep Energy Costs from Going Sky-High. Robnett, J. D. ..... Oct 36
Energy Conservation Pays Off Fast in Chemical Plant. Giles, R. and J. E. Bullock ..... Oct 38
Energy Use Reduction in Cement Plants Reap Savings. Maycock, J. N. ..... Oct 41
Justifying the Cost of Computer Control. Bullock, J. E. and R. Giles ..... May 49
Scheduled Equipment Control Saves Manufacturing Process Energy. Andreiev, Nikita ..... Oct 34
"Sell Control System Energy Savings". (ED) ..... May 33
Use Controls To Save Energy. (ED) ..... Sept 49

COUNTING AND COUNTERS
Selecting Electronic Counters To Meet System Needs. Lucas, Richard K. and Philip Worley .... May 84

CRT DISPLAYS, see Display of data

DATA ACQUISITION
Data System Growth to Lead Subsystems: Report. (N) ..... July 11
Multiplexing—Once Mistrusted, Now in Demand. Fling, John .... Apr 87

DATA HIGHWAYS
Multiplexer: Distributed Control Design Compenent. Bailey, S. J. Apr 32
Signal Transmission: Plenty of Electronic and Optical Options. Bailey, S. J. ..... Mar 32

DATA TRANSMISSION, see Control signal transmission

DIGITAL TECHNIQUES
CMOS Digital Circuits Control High Power AC Loads Directly. .. Mar 26
Digital Techniques Provide Tight Control Over AC Motors. Klein, A. ..... Dec 61
Incremental Motion: Analog Path to Digital Control. Bailey, S. J. . Nov 35
Multiplexer: Distributed Control Design Component. Bailey, S. J. Apr 32
Signal Transmission: Plenty of Electronic and Optical Options. Bailey, S. J. ..... Mar 32
Taylor's MOD III Process Control System Combines Single Loop Analog Controllers & Digital CRT Consoles. (N) ..... Apr 11
Weigh-Feeder Control Needs Favor the Digital System. Wilson, David ..... Jan 48
1977: Control Development Needs Coming Clear. (ED) ..... Dec 23

DISPLAY OF DATA
Annunciators Hold Ground Against the CRT. Andreiev, Nikita ... Mar 46
Color CRTs Enhance Computerized Train Control. Means, Joseph B. ..... Jan 63
CRT Touch Panels Provide Maximum Flexibility in Computer Interaction. Crook, Ken ..... July 33
Flat Gas Plasma Displays Challenge Traditional Markets. Bailey, S. J. ..... Aug 32
Graphic Display Reduces Design Time. ..... Sept 42
Taylor's MOD III Process Control System Combines Single Loop Analog Controllers & Digital CRT Consoles. (N) ..... Apr 11

DISTRIBUTED CONTROL, see Computing control

ECONOMICS
A Control Engineering survey: Convince Management That Control Can Save Energy—Talk Money. Klein, A. ..... Oct 43
A Microprocessor in Every Control Loop. Kompass, E. J. ..... Sept 123
Balance of Trades Favors Electronic Instrumentation. (N) ..... May 14
Boiler Controls Keep Energy Costs from Going Sky-High. Robnett, J. D. ..... Oct 36
Energy Conservation Pays Off Fast in Chemical Plant. Giles, R. and J. E. Bullock ..... Oct 38
Energy Use Reduction in Cement Plants Reap Savings. Maycock, J. N. ..... Oct 41
"Even the Small Pieces Are Big". (ED) ..... June 21
Justifying the Cost of Computer Control. Bullock, J. E. and R. Giles ..... May 49
German Process Computer Market. (N) ..... Mar 17
"Packaging New Technology for the User". (ED) ..... Nov 29
Power Simulation Model to Include Economics. (N) ..... July 11
Report Describes Temperature Sensor Market. ..... Jan 6
Scheduled Equipment Control Saves Manufacturing Process Energy. Andreiev, Nikita ..... Oct 34
"Sell Control System Energy Savings". (ED) ..... May 33
The Control System As a Market. (ED) ..... Feb 35
The PLC Comes of Age—Update Reveals New Markets. Andreiev, Nikita ..... Apr 42
Use Controls To Save Energy. (ED) ..... Sept 49

EDITORIALS
"Even the Small Pieces Are Big". (ED) ..... June 21
"Get Off Your Laurels". (ED) .. Mar 31
"Packaging New Technology for the User". (ED) ..... Nov 29
"Sell Control System Energy Savings". (ED) ..... May 33
"Sharpening Management's View of the Control Engineering Function". (ED) ..... Oct 29
"The Control Computer Confusion". (ED) ..... July 21
The Control System as a Market. (ED) ..... Feb 35
The Day of the "Hang-On" Controller. (ED) ..... Aug 17
Use Controls To Save Energy. (ED) ..... Sept 49
"You Can't Keep Up; So Catch Up". (ED) ..... April 31
"You Don't Own the Feedback Loop". (ED) ..... Jan 37
1977: Control Development Needs Coming Clear. (ED) ..... Dec 23

EDUCATION
ISA Forms Glass and Ceramics Group. (N) ..... July 11
"Packaging New Technology for the User". (ED) ..... Nov 29
Results of "Where Do You Stand Among Control Engineers?" . Apr 22
Short Courses in Control. Klein, A. ..... Apr 39
You Can't Keep Up; So Catch Up, (ED) ..... Apr 31

ELECTRIC GENERATION CONTROL
Hardware and Software Team Up to Control Steam Turbine Speed. Uram, R. ..... Feb 50
Turbine Blade Temperature Monitored by Fiber Optic System. Oct 22

ELECTRONICS, EFFECTS ON CONTROL
Balance of Trade Favors Electronic Instrumentation. (N) ..... May 14
Get Off Your "Laurels". (ED) .. Mar 31
Motorola Forms Micro - Module Group. (N) ..... June 13
"Packaging New Technology for the User". (ED) ..... Nov 29
"The Control Computer Confusion". (ED) ..... July 21

ENERGY CONSERVATION AND CONTROL
A Control Engineering Survey: Convince Management That Control Can Save Energy—Talk Money. Klein, A. ..... Oct 43

Boiler Controls Keep Energy Costs From Going Sky-High. Robnett, J. D. ..... Oct 36
Computer/Electric Meter Interfacing Eased By New Circuit. Ristad, C. H. ..... Oct 81
Energy Conservation: It's Time to Put Industrial Controls To Work. Kompass, E. J. ..... Oct 32
Energy Conservation Pays Off Fast in Chemical Plant. R. Giles and J. E. Bullock ..... Oct 38
Energy Use Reduction in Cement Plants Reap Savings. Maycock, J. N. ..... Oct 41
Justifying the Cost of Computer Control. Bullock, J. E. and R. Giles ..... May 49
Redundant Computers in Energy Control Center. (N) ..... Feb 10
Scheduled Equipment Control Saves Manufacturing Process Energy. Andreiev, Nikita ..... Oct 34
"Sell Control System Energy Savings". (ED) ..... May 33
"Sharpening Management's View of the Control Engineering Function '. (ED) ..... Oct 29
Use Controls To Save Energy. (ED) ..... Sept 49

FAULT DIAGNOSIS
Alarm Analysis Can Diagnose System Faults. Bristol, E. H. and H. L. Wade ..... Feb 47
Temperature Extremes Favor an All-Pneumatic Foundry Control. Andreiev, Nikita ..... Feb 44

FIBER OPTICS
Signal Transmission: Plenty of Electronic and Optical Options. Bailey, S. J. ..... Mar 32
Turbine Blade Temperature Monitored by Fiber Optic System. Oct 22

FLUID POWER
Electrical Ladder Diagram Simplifies Moving Part Logic Design. Kiehl, Richard B. and Don Arend .. Feb 41
Hardware and Software Team Up to Control Steam Turbine Speed. Uram, R. ..... Feb 50
Results of "Do you interface fluid power systems with computers?" ..... Jan 20

GRAPHIC PANELS, see Display of data

GAS PLASMA DISPLAYS, see Display of data

HIERARCHICAL CONTROL, see Computing control

HYDRAULICS
Comparing Electromagnetic Servovalve Actuators for Hydraulic Power Control. Holzbrock, Werner G. ..... May 41
Friction-Based Approach Eases Servoactuator Stability Analysis. Cyrot, Luc ..... Apr 46
Hardware and Software Team Up to Control Steam Turbine Speed. Uram, R. ..... Feb 50

INDUSTRIAL CONTROL
A Digital Timer is Used for Press Brake Monitoring to Meet OSHA Requirements ..... Feb 28
A Microprocessor in Every Control Loop. Kompass, E. J. ..... Sept 123
Analog-to-Digital Converters: There's More To Look For Than Resolution and Speed. Klein, A. ..... Dec 30
Carbon-Equivalent Computer Measures Cast Iron Cooling. Warsinski, R. G. ..... Sept 123
Consider the Alternatives for Switching Low-Level Signals. Laduzinsky, Alan ..... Nov 41
Digital Techniques Provide Tight Control Over AC Motors. Klein, A. ..... Dec 61
Electrical Ladder Diagram Simplifies Moving Logic Design. Kiehl, Richard B. and Don Arend .... Feb 41
Electronic Tuning Simplifies Vibrating Feeder Adjustment .... Sept 39
Energy Conservation: It's Time to Put Industrial Controls to Work. Kompass, E. J. ..... Oct 32
Energy Use Reduction in Cement Plants Reap Savings. Maycock, J. N. ..... Oct 41
Flat Gas Plasma Displays Challenge Traditional Markets. Bailey, S. J. ..... Aug 32
Hall-Effect Devices Control Permanent Magnet Brushless DC Motors. Jordan, Florin G. ..... Aug 25
Honeywell to Offer new NC Software. (N) ..... June 13
Increase Stepping Motor Resolution with Ministepping. Pritchard. Eric K. ..... Nov 45
IR Monitor Controller Assures Reliable Armature Winding Connections. Intrieri, Anthony J. ... Nov 79
Machine Tool Show: Two Weeks of Metal Cutting and Controls. (N) ..... Aug 9
NC System Allows Part Programming by Machinists. (N) ..... Apr 12
Scheduled Equipment Control Saves Manufacturing Process Energy. Andreiev, Nikita ..... Oct 34
Sequential Approach Simplifies PLC Programming. Henry, Donald Mar 83
Some Perspectives on Microprocessors and Microcomputers. Kompass, E. J. ..... Sept 57
Temperature Extremes Favor an All-Pneumatic Foundry Control. Andreiev, Nikita ..... Feb 44
The CONTROL Language Challenges High-Level Compilers and Programmable Controllers. Ruhl, R. C. ..... Nov 30
The Correct Way to Contact Surface Temperature Measurement. Bailey, Wilbur J. ..... Sept 73
Turbine Blade Temperature Monitored by Fibre Optic System . Oct 22
Two-Axis Lathe Control New From Philips. (N) ..... Jan 8
Two PLCs Unveiled at PC Conference in Boston. (N) ..... June 13
Unusual Pneumatic Sensor Has Electrical Output. Engstrom, Peter M. ..... Mar 36
Weigh-Feeder Control Needs Favor the Digital System. Wilson, David ..... Jan 48

INTERFACING WITH COMPUTERS
Computer/Electric Meter Interfacing Eased by New Circuit. Ristad, C. H. ..... Oct 81
Hewlett-Packard Offers Standard Interface Bus Course. (N) .... Feb 9
Incremental Motion: Analog Path to Digital Control. Bailey, S. J. . Nov 35
New Interface System From Beckman. (N) ..... Sept 19
Optical Isolation Solves Mixed Interface Problems. Bailey, S. J. Jan 38
Results of "Do you interface fluid power systems with computers?" ..... Jan 20

INVERTERS, see Power Controllers

LED DISPLAYS, see Display of data

LEVEL
Level Sensor '76: A Case of Contact or Noncontact. Bailey, S. J. . July 25
RF Level Transmitter Has No Moving Parts. (N) ..... Jan 6

MACHINE CONTROL
A Digital Timer is Used for Press Brake Monitoring to Meet OSHA Requirements ..... Feb 28
Electrical Ladder Diagram Simplifies Moving Part Logic Design. Kiehl, Richard B. and Don Arend ..... Feb 41
Electronic Tuning Simplifies Vibrating Feed Adjustment ..... Sept 39
Hall-Effect Devices Control Permanent Magnet Brushless DC Motors. Jordan, Florin G. .. .... Aug 25
Honeywell to Offer New NC Software. (N) ..... June 13
Machine Tool Show: Two Weeks of Metal Cutting and Controls. (N) ..... Aug 9
NC System Allows Part Programming by Machinists. (N) ..... Apr 12
Scheduled Equipment Control Saves Manufacturing Process Energy. Andreiev, Nikita ..... Oct 34
Sequential Aproach Simplifies PLC Programming. Henry, Donald Mar 83
Temperature Extremes Favor an All-Pneumatic Foundry Control. Andreiev, Nikita ..... Feb 44
The CONTROL Language Challenges High-Level Compilers and Programming Controllers. Ruhl, R. C. ..... Nov 30
Two-Axis Lathe Control New From Philips. (N) ..... Jan 8

MAN-MACHINE INTERFACING
Alarm Analysis Can Diagnose System Faults. Bristol, E. H. and H. L. Wade ..... Feb 47
CRT Touch Panels Provide Maximum Flexibility in Computer Interaction. Crook, Ken ..... July 33

MARKETING
A Microprocessor in Every Control Loop. Kompass, E. J. ..... Sept 123
Balance of Trade Favors Electronic Instrumentation. (N) ..... May 14
Data System Growth to Lead Subsystems: Report. (N) ..... July 11
"Even the Small Pieces Are Big". (ED) ..... June 21

Flat Gas Plasma Displays Challenge Traditional Markets. Bailey, S. J. ..... Aug 32
German Process Computer Market. (N) ..... Mar 17
Motorola Forms Micro - Module Group. (N) ..... June 13
Report Describes Temperature Sensor Markets. (N) ..... Jan 6
Reports Project Digital and Analog Meter Markets. (N) ..... May 14
Some Perspectives on Microprocessors and Microcomputers. Kompass, E. J. ..... Sept 57
The Control System as a Market. (ED) ..... Feb 35
The PLC Comes of Age—Update Reveals New Markets. Andreiev, Nikita ..... Apr 42
The Programmable Controller Makers Take a Look in the Mirror. Ledgerwood, B. K. ..... Dec 24

MEASURING

Carbon-Equivalent Computer Measures Cast Iron Cooling. Warsinski, R. G. ..... Sept 123
Chromatograph Control Slated for Dow Plant. (N) ..... May 14
Differential Pressure Measurement Determines Smoke Density .. Jan 25
Flowmeters '76: A Sensing Princple and Pickoff Mix. Bailey, S. J. . Oct 49
IR Monitor Controller Assures Reliable Armature Winding Connections. Intrieri, Anthony J. ... Nov 79
Level Sensors '76: A Case of Contact or Noncontact. Bailey, S. J. ..... July 25
LVDT Reduces Errors in a Relative Humidity Meter ..... May 30
On-Line Analyzers for Product and For Waste. Bailey, S. J. .... June 22
Pressure Sensors On-Line for 1976. Bailey, S. J. ..... Feb 36
RF Level Transmitter Has No Moving Parts. (N) ..... Jan 6
Smart Test Instruments Speed System Design. Andreiev, Nikita Sept 67
Temperature Sensors Plod; Controllers Promise Action. Bailey, S. J. ..... Aug 18
The Correct Way to Contact Surface Temperature Measurement. Bailey, Wilbur J. ..... Sept 73
Turbine Blade Temperature Monitored by Fiber Optic System . Oct 22
Unusual Pneumatic Sensor Has Electrical Output. Engstrom, Peter M. ..... Mar 36
Web Tension Controller Uses LVDT Position Senor ..... May 30

MEETING, NEWS REPORTS

Advanced Control Conference Slated for Chicago '77. (N) ..... Sept 28
CE Staffer to Chair PLC Conference. (N) ..... April 12
Chem Show '76 Exhibit Roster Defies Recession. (N) ..... Jan 5
ISA '76 Meets in Houston. (N) Sept 19
ISA '76 Podium Postulates Productivity. Bailey, S. J. ..... Sept 50
ISA '76: The Conference Was Good; The Exhibit Were Even Better. (N) ..... Nov 11
Machine Tool Show: Two Weeks of Metal Cutting and Control. (N) ..... Aug 9
Purdue Workshop Adds "Real-Time" Committee. (N) .. .. Jan 8
Two PLCs unveiled at PC Conference in Boston. (N) ..... June 13
U.S. Micro-Mini Exhibition Slated for Frankfurt. (N) ..... June 14
126 Technical Sessions Scheduled for '76 NCC. (N) ..... May 13

MEMORIES

Mod Comp Unveils "Memory+". (N) ..... May 13
New CMOS Microprocessor and SOS RAMs from RCA. (N) .. Mar 15
New N-MOS RAM Results in Computer Price Reduction. (N) Feb 13

MICROPROCESSORS

A Microcomputer Tailored for Multiprocessor Control Application. Adams, G., T. Morgan and J. Zarrella ..... Sept 58
A Microprocessor in Every Control Loop. Kompass, E. J. ..... Sept 123
The Day of the "Hang-On"" Controller. (ED) ..... Aug 17
Microprocessor - Based Controller Handles Analog and Digital I/O. Kompass, E. J. ..... July 22
New CMOS Microprocessor and SOS RAMs from RCA. (N) ..... Mar 15
"Packaging New Technology for the User". (ED) ..... Nov 29
Some Perspectives on Microprocessors. Kompass, E. J. ..... Sept 57
Temperature Sensors Plod; Controllers Promise Action. Bailey, S. J. ..... Aug 18

MONITORING AND ANNUNCIATING

Alarm Analysis Can diagnose System Faults. Bristol, E. H. and H. L. Wade ..... Feb 47
Annunciators Hold Ground Against the CRT. Andreiev, Nikita ... Mar 46
New Temperature Monitor System Installed. (N) ..... Feb 9

MOTOR DRIVE SYSTEMS

Diagnostics Featured in GE's New DC Motor Drives. (N) ..... Apr 12
Digital Techniques Provide Tight Control Over AC Motors. Klein, A. ..... Dec 61
Increase Stepping Motor Resolution with Ministepping. Pritchard, Eric K. ..... Nov 45
Incremental Motion: Analog Path to Digital Control. Bailey, S. J. . Nov 35

MULTIPLEXING

Consider the Alternatives for Switching Low-Level Signals. Laduzinsky, Alan ..... Nov 41
Multiplexer: Distributed Control Design Component. Bailey, S. J. Apr 32
Multiplexing—Once Mistrusted Now in Demand. Fling, John .... Apr 87

NOISE

OptimizingValve Jet Size and Spacing Reduces Valve Noise. Reed, Carleton ..... Sept 63

OPTICAL ISOLATION

Optical Isolation Solves Mixed Interface Problems. Bailey, S. J. . Jan 38

PAPER AND PULP CONTROLS

Paper Mill Batch Digester Automated. (N) ..... July 11

PARTY LINE SYSTEMS, see Data highways

PNEUMATICS

Electrical Ladder Diagram Simplifies Moving Part Logic Design. Arend, Don and Richard B. Kiehl ... Feb 41
Pneumatic Controls Are Holding Their Own. Bailey, S. J. .... Dec 35
Temperature Extremes Favor an All-Pneumatic Control. Andreiev, Nikita ..... Feb 44
Unusual Pneumatic Sensor Has Electrical Output. Engstrom, Peter M. ..... Mar 36

POSITION

Half-Effect Devices Control Permanent Magnet Brushless DC Motors. Jordan, Florin G. ..... Aug 25
Increase Stepping Motor Resolution with Ministepping. Pritchard, Eric K. ..... Nov 45
Incremental Motion: Analog Path to Digital Control. Bailey, S. J. Nov 35
Mechanical Push-Pull Control With Cam Action Permits Multiple Bends ..... Jan 28
Web Tension Controller Uses LVDT Position Sensor ..... May 30

POWER CONTROLLERS

CMOS Digital Circuits Control High Power AC Loads Directly .... Mar 26
The Small UPS—the Battery View. Bridgers, Ron and John Evjen Mar 43
The Small UPS—The Output Side. Teets, Rex M. ..... Mar 39

POWER SUPPLIES

The Small UPS—the Battery View. Bridgers, Ron and John Evjen Mar 43
The Small UPS—The Output Side. Teets, Rex M. ..... Mar 38

PRESSURE

Differential Pressure Measurement Determines Smoke Density .. Jan 25
Pressure Sensors On-Line for 1976. Bailey, S. J. ..... Feb 36

PROCESS CONTROL

A Microprocessor in Every Loop. Kompass, E. J. ..... Sept 123
Analog-to-Digital Converters: There's More to Look for than Resolution and Speed. Klein, A. ..... Dec 30
Annunciators Hold Ground Against the CRT. Andreiev, Nikita ... Mar 46
Bailey Has New Modular Termination System. (N) ..... Aug 10
Boiler Controls Keep Energy Costs From Going Sky-High. Robnett, J. D. ..... Oct 36
Cavitation—Minimizing Its Destructive Effects in Control Valves. Lambert, Don ..... May 45
Chromatograph Control Slated for Dow Plant. (N) ..... May 14
Consider the Alternatives for Switching Low-Level Signals. Laduzinsky, Alan ..... Nov 41
Controls Cut Fuel Use in Chemical Installation. (N) ..... Nov 12
Energy Conservation Pays Off Fast in Chemical Plant. J. E. Bullock and R. Giles ..... Oct 38
Energy Use Reduction in Cement Plants Reap Savings. Maycock, J. N. ..... Oct 41

Fisher Expands ac² Line with Split-Architecture System. (N) ... Sept 26
Flowmeters '76: A Sensing Principle and Pickoff Mix. Bailey, S. J. Oct 49
Gas Distribution System Will Be Mini-Based. (N) ..... July 11
German Process Computer Market. (N) ..... Mar 17
ISA '76 Podium Postulates Productivity. Bailey, S. J. ..... Sept 50
ISA '76: The Conference Was Good; The Exhibits Were Even Better. (N) ..... Nov 11
Microprocessor - Based Controller Handles Analog and Digital I/O. Kompass, E. J. ..... July 22
Multiple-Level Bang-Bang: The On, Off, Half-Off, Controller. Klein, A. ..... April 49
New Interface System From Beckman. (N) ..... Sept 19
On-Line Analyzers for Product and For Waste. Bailey, S. J. .... June 22
Optical Isolation Solves Mixed Interface Problems. Bailey, S. J. Jan 38
Optimizing Valve Jet Size and Spacing Reduces Valve Noise. Reed, Carleton ..... Sept 63
Paper Mill Batch Digester Automated. (N) ..... July 11
Pneumatic Controls Are Holding Their Own. Bailey, S. J. .... Dec 35
Sliding Seal, Fewer Linkages Yield More Accurate Valve Actuator ..... Feb 33
Some Perspectives on Microprocessors and Microcomputers. Kompass, E. J. ..... Sept 57
Symbolic Function-Oriented Programming for Process Control Has Simple Rules. Bell, Tom and Larry Harris ..... Feb 91
Taylor's MOD III Process Control System Combines Single Loop Analog Controllers and Digital CRT Consoles. (N) ..... April 11
Temperature Sensors Plod; Controllers Promise Action. Bailey, S. J. ..... Aug 18
The Correct Way to Contact Surface Temperature Measurement. Bailey, Wilbur J. ..... Sept 73

PROCESS CONTROL SYSTEMS
Bailey Has New Modular Termination System. (N) ..... Aug 10
New Interface System From Beckman. (N) ..... Sept 19
Fisher Expands ac² Line with Split-Architecture System. (N) ... Sept 26
New Temperature Monitor System Installed. (N) ..... Feb 9
Taylor's MOD III Process Control System Combines Single Loop Analog Controllers & Digital CRT Consels. (N) ..... Apr 11

PROCESS CONTROL VALVES, see Valves

PROCESS CONTROLLERS
Bailey Has New Modular Termination System. (N) ..... Aug 10
Fisher Expands ac² Line with Split-Architecture System. (N) ... Sept 26
Microprocessor - Based Controller Handles Analog and Digital I/O. Kompass, E. J. ..... July 22
Multiple-Level Bang-Bang: The On, Off, Half-Off Controller. Klein, A. ..... Apr 49
New Interface System From Beckman. (N) ..... Sept 19
Taylor's MOD III Process Control System Combines Single Loop Analog Controllers and Digital CRT Consoles. (N) ..... Apr 11
Temperature Sensors Plod; Controllers Promise Action. Bailey, S. J. ..... Aug 18
Pneumatic Controls Are Holding Their Own. Bailey, S. J. .... Dec 35
The Day of the "Hang-On" Controller. (ED) ..... Aug 17

PROGRAMMABLE CONTROLLERS
CE Staffer Chairs PLC Conf. (N) April 12
Danish, tea . . . or PLC? ..... Dec 18
Multiprocessor Concept Leads to PLC Hierarchies. Kompass, E. J. ..... Jan 46
Sequential Approach Simplifies PLC Programming. Henry, Donald Mar 83
The CONTROL Language Challenges High-Level Compilers and Programmable Controllers. Ruhl, R. C. ..... Nov 30
The PLC Comes of Age—Update Reveals New Markets. Andreiev, Nikita ..... April 42
The Programmable Controller Makers Take a Look in the Mirror. Ledgerwood, B. K. ..... Dec 24
Two PLCs Unveiled at PC Conference in Boston. (N) ..... June 13

PROGRAMMING, see also Computer software
Sequential Approach Simplifies PLC Programming. Henry, Donald Mar 83

READER POLLS
Results of "Do you interface fluid power systems with computers?" ..... Jan 20
Results of "What is Your Control Signal Transmission Scheme?" ..... May 26
Results of "Where Do You Stand Among Control Engineers?" . Apr 22
What is your control signal transmission scheme? ..... Feb 24

RECORDERS AND PLOTTERS
Recorder, Tape Selection Must Include Performance - Reliability Tradeoffs. Derschang, Robert C. ..... June 134
Use an Analog X-Y Plotter to Draw Graphs. Conn, Ronald W. . . July 61

SAFETY
A Digital Timer is Used for Press Brake Monitoring to Meet OSHA Requirements ..... Feb 28
Optimizing Valve Jet Size and Spacing Reduces Valve Noise. Reed, Carleton ..... Sept 63

SENSORS, see Transducers

SERVOS
Comparing Electromagnetic Servovalve Actuators for Hydraulic Power Control. Holzbock, Werner G. ..... May 41
Incremental Motion: Analog Path to Digital Control. Bailey, S. J. . Nov 35

SIGNAL TRANSMISSION, see Control signal transmission

SIMULATION AND MODELING
Power Simulation Model to Include Economics. (N) ..... July 11

SOFTWARE, see Computer software

STEPPER MOTORS, see Actuators

SYSTEMS: ANALYSIS
Alarm Analysis Can Diagnose System Faults. Bristol, E. H. and H. L. Wade ..... Feb 47
Friction-Based Approach Eases Servocatuator Stability Analysis. Cyrot, Luc ..... Apr 46
Gross Linearization—Unusual Solution for Non-linear Stabilities Problems. Fannin, D. R. ..... Aug 29
Power Simulation Model Includes Economics. (N) ..... July 11
Use an Analog X-Y Plotter to Draw Graphics. Conn, Ronald W. . July 61

SYSTEMS: DESIGN
Electric Ladder Diagram Simplifies Moving Part Logic Design. Arend, Don and Richard B. Kiehl ... Feb 41
Graphic Display Reduces Design Time ..... Sept 42

TAPE RECORDERS, see Recorders and plotters

TEMPERATURE
IR Monitor Controller Assures Reliable Armature Winding Connections. Intrieri, Anthony J. .. Nov 79
New Temperature Monitor System Installed. (N) ..... Feb 9
Report Describes Temperature Sensor Markets. (N) ..... Jan 6
Temperature Extremes Favor an All-Pneumatic Foundry Control. Andreiev, Nikita ..... Feb 44
Temperature Sensors Plod; Controllers Promise Action. Bailey, S. J. ..... Aug 18
The Correct Way to Contact Surface Temperature Measurement. Bailey, Wilbur J. ..... Sept 73
Turbine Blade Temperature Monitored by Fibre Optic System. Oct 22

TEST EQUIPMENT
MOS/LSI Chip for DVMs. (N) . June 14
Recorder, Tape Selection Must Include Performance - Reliability Tradeoffs. Derschand, Robert C. ..... June 134
Selecting Electronic Counters to Meet System Needs. Worley, Philip and Richard K. Lucas ..... May 84
Smart Test Instruments Speed System Design. Andreiev, Nikita Sept 67
Use an Analog X-Y Plotter to draw Graphs. Conn, Ronald W. .. July 61

TIMING AND TIMERS
A Digital Timer is Used for Press Brake Monitoring to Meet OSHA Requirements ..... Feb 28

TRANSDUCERS
Differential Pressure Measurement Determines Smoke Density. .. Jan 25
Flowmeters '76: A Sensing Principle and Pickoff Mix. Bailey, S. J. Oct 49

Hall-Effect Devices Control Permanent Magnet Brushless DC Motors. Jordan, Florin G. ..... Aug 25
Level Sensors '76: A Case of Contact or Noncontact. Bailey, S. J. .. July 25
Load Cell Control Cuts Product Giveaway ..... April 29
LVDT Reduces Errors in a Relative Humidity Meter. ..... May 30
Pressure Senors On-Line for 1976. Bailey, S. J. ..... Feb 36
Temperature Sensors Plod; Controllers Promise Action. Bailey, S. J. ..... Aug 18
Unusual Pneumatic Sensor Has Electrical Output. Engstrom, Peter M. ..... Mar 36
Web Tension Controller Uses LVDT Position Sensor ..... May 30
1977: Control Development Needs Coming Clear. (ED) ..... Dec 23

TRANSMITTERS, PROCESS VARIABLE

Flowmeters '76: A Sensing Principle and Pickoff Mix. Bailey, S. J. . Oct 49
Level Sensors '76: A Case of Contact or Noncontact. Bailey, S. J. ..... July 25
Pressure Sensors On-Line for 1976. Bailey, S. J. ..... Feb 36

VALVES

Cavitation—Minimizing Its Destructive Effect in Control Valves. Lambert, Don ..... May 45
Optimizing Valve Jet Size and Spacing Reduces Valve Noise. Reed, Carleton ..... Sept 63
Sliding Seal, Fewer Linkages Yield More Accurate Valve Actuator Feb 33

WEIGHING AND BATCHING

Electronic Tuning Simplifies Vibrating Feeder Adjustment .... Sept 39
Load Cell Control Cuts Product Giveaway ..... April 29
Weigh-Feeder Control Needs Favor the Digital System. Wilson, David ..... Jan 28

WIRING AND CABLING

Signal Transmission: Plenty of Electronic and Optical Options. Bailey, S. J. ..... Mar 32

X-Y PLOTTERS, see Recorders and Plotters

1976 Authors' Index

ADAMS, G., T. Morgan and J. Zarrella
A Microcomputer Tailored for Multiprocessor Control Application ..... Sept 58

ANDREIEV, NIKITA
Annunciators Hold Ground Against the CRT ..... Mar 46
Flat Gas Plasma Displays Challenge Traditional Ones. .... Aug 32
New Technologies Advance DC Motor Designs ..... Jan 43
Scheduled Equipment Control Saves Manufacturing Process Energy ..... Oct 34
Smart Test Instruments Speed System Design ..... Sept 67
Temperature Extremes Favor an All-Pneumatic Foundry Control ..... Feb 44
The PLC Comes of Age—Update Reveals New Markets ..... Apr 42

AREND, DON and Richard B. Kiehl
Electrical Ladder Diagram Simplifies Moving Part Design Feb 41

BAILEY, S. J.
Flowmeters '76: A Sensing Principle and Pickoff Mix ..... Oct 49
Incremental Motion: Analog Path to Digital Control ..... Nov 35
ISA '76 Podium Postulates Productivity ..... Sept 50
Level Sensors '76: A Case of Contact or Non-Contact .... July 25
Minicomputers Flourish in Control Hierarchies ..... May 34
Multiplexer: Distributed Control Design Component ..... Apr 32
On-Line Analyzers For Product and For Waste ..... June 22
Optical Isolation Solves Mixed Interface Problems ..... Jan 38
Pneumatic Controls Are Holding Their Own ..... Dec 35
Pressure Sensors On Line for 1976 ..... Feb 36
Signal Transmission: Plenty of Electronic and Optical Options ..... Mar 32
Temperature Sensors Plod; Controllers Promise Action .... Aug 18

BAILEY, WILBUR J.
The Correct Way to Contact Surface Temperature Measurement ..... Sept 73

BELL, TOM and Larry Harris
Symbolic Function-Oriented Programming for Process Control Has Simple Rules ..... Feb 91

BRIDGERS, RON and John Evjen
Small UPS—the Battery View Mar 43

BRISTOL, E. H. and H. L. Wade
Alarm Analysis Can Diagnose System Faults ..... Feb 47

BULLOCK, J. E. and R. Giles
Energy Conservation Pays Controls Off Fast in Chemical Plant ..... Oct 38
Justifying the Cost of Computer Control .....May 49

CONN, RONALD W.
Use An Analog X-Y Plotter to Draw Computer Graphs .... July 61

CROOK, KEN
CRT Touch Panels Provide Maximum Flexibility in Computer Interaction ..... July 33

CYROT, LUC
Friction-Based Approach Eases Servoactuator Stability Analysis ..... Apr 46

DERSCHANG, ROBERT C.
Recorder, Tape Selection Must Include Performance - Reliability, Tradeoffs ..... June 134

ENGSTROM, PETER M.
Unusual Pneumatic Sensor Has Electrical Output ..... Mar 36

EVJEN JOHN and Ron Bridgers
Small UPS—the Battery View Mar 43

FANNIN, D. R.
Gross Linearization—Unusual Solution for Nonlinear Stability Problems ..... Aug 29

FLING, JOHN
Multiplexing — Once Mistrusted, Now in Demand ..... Apr 87

GILES, R. and J. E. Bullock
Energy Conservation Pays Controls Off Fast in Chemical Plant ..... Oct 38
Justifying the Cost of Computer Control ..... May 49

HARRIS, LARRY and Tom Bell
Symbolic Function-Oriented Programming for Process Control Has Simple Rules ..... Feb 91

HENRY, DONALD
Sequential Approach Simplifies PLC Programming ..... Mar 83

HOLZBOCK, WERNER G.
Comparing Electromagnetic Servovalve Actuators for Hydraulic Power Control ..... May 41

INTRIERI, ANTHONY J.
IR Monitor Controller Assures Reliable Armature Winding Connections ..... Nov 79

JORDAN, FLORIN G.
Hall Effect Devices Control Permanent Magnet Brushless DC Motors ..... Aug 25

KIEHL, RICHARD B. and Don Arend
Electrical Ladder Diagram Simplifies Moving Part Logic Design Feb 41

KLEIN, A.
A Control Engineering Survey: Convince Management That Controls Can Save Energy—Talk Money ..... Oct 43
Analog - to - Digital Converters: There's More to Look For Than Resolution and Speed ..... Dec 30
Digital Techniques Provide Tight Control Over AC Motors .... Dec 61
Multiple-Level Bang-Bang: The On, Off, Half-Off Controller .. Apr 49
Short Courses in Control ... Apr 39

KOMPASS, E. J.
A Microprocessor In Every Control Loop ..... Sept 123
Energy Conservation: It's Time to Put Industrial Controls To Work ..... Oct 32
Microprocessor-Based Controller Handles Analog and Digital I/O. ..... July 22
Multiprocessor Concept Leads to PLC Hierarchies ..... Jan 46
Some Perspectives on Microprocessors and Microcomputers Sept 57

LADUZINSKY, ALAN
Consider the Alternatives For Switching Low Level Signals Nov 41

LAMBERT, DON
Cavitation—Minimizing Its Destructive Effects in Control Valves ..... May 45

LEDGERWOOD, B. K.
The Programmable Controller Makers Take a Look in the Mirror ..... Dec 24

LUCAS, RICHARD K. and Philip Worley
Selecting Electronic Counters To Meet System Needs ..... May 84

MAYCOCK, J. N.
Energy Use Reduction in Cement Plants Reap Savings ..... Oct 41

MEANS, JOSEPH B
Color CRTs Enhance Computerized Train Control ..... Jan 63

MORGAN, T., G. Adams and J. Zarrella. A Microcomputer Tailored for Multiprocessor Control Applications ..... Sept 58

PRITCHARD, ERIC K.
Increase Stepping Motor Resolution With Ministepping ..... Nov 45

REED, CARLETON
Optimizing Valve Jet Size and Spacing Reduces Valve Noise .. Sept 63

RISTAD, C. H.
Computer/Electric Meter Interfacing Eased By New Circuit .. Oct 81

ROBNETT, J. D.
Boiler Controls Keep Energy Use From Going Sky High ..... Oct 36

RUHL, R. C.
The CONTROL Language Challenges High-Level Compilers and Programmable Controllers .. Nov 30

TEETS, REX M.
The Small UPS—The Output Side ..... Mar 39

URAM, R.
Hardware and Software Team Up to Control Steam Turbine Speed ..... Feb 50

WADE, H. L. and E. H. Bristol
Alarm Analysis Can Diagnose System Faults ..... Feb 47

WARSINSKI, R. G.
Carbon-Equivalent Computer Measures Cast Iron Cooling in Foundry Molds ..... Sept 123

WILSON, DAVID
Weigh-Feeder Control Needs Favor the Digital Route ..... Jan 48

WORLEY, PHILIPS and Richard K. Lucas. Selecting Electronic Counters To Meet System Needs . May 84

ZARRELLA, J., G. Adams and T. Morgan. A Microcomputer Tailored for Multiprocessor Control Applications ..... Sept 58
